

# Sawn Green Treated Timber Support 47mm x 150mm

## The Benefits of Cladco Timber Supports

Timber Supports are perfect for a majority of applications throughout domestic and commercial projects. Cladco Timber Supports carefully kiln dried to help reduce the risk of splitting or twisting. Timber Supports are supplied with a square-edged finish.

Our Timber Supports are high-pressure green treated with Tanalith 'E' preservative and are graded C24 for strength, meaning efficient structural performance. Produced from responsibly sourced wood, our Timber Supports are long-lasting and able to withstand the elements all year round.

SPECIFICATIONS	
Lengths Available	4.2m and 4.8m
Width	150mm
Depth	47mm
Approximate Weight	14.94kg (4.2m) and 17.07kg (4.8m)

**PLEASE NOTE** - We advise using the correct type of glove (with level 5 cut resistance) when handling or moving steel Sheets and Flashings. Extra care should always be taken when working with metal products.
