

Screws To Wood With 19mm Bonded Washer

TEK type self-drilling Screws are designed for fixing Sheets to Timber Purlins. These TEK Screws have a 5/16 inch hexagonal head with 19mm bonded sealing washer that will ensure they stay water-tight and secure.

TEK Screws & Timber Roofing Screws

Self-drilling TEK Screws with a 5/16 inch hexagonal head for attaching Sheets to Timber Purlins. Under the Screw head, there is a stainless steel washer and bonded neoprene pad to create a seal with the Sheet.

The type of TEK Screws you will need is dependent on what they are being used on, so be sure to select the TEK Screws that are right for your needs.
