

Installation

8mm Magnetic Socket Driver Tool

Our magnetic TEK Screw Socket Driver Tool will ensure you have the right fitting for 8mm TEK Screws when installing your Roofing Sheets and Flashings. Made from high-grade, chrome vanadium steel for increased durability, this will withstand a high torque output and will work perfectly to ensure your Roofing Sheets stay together securely.

- Suitable for use with any power drill or driver
- Fits 5/16 inch hex head TEX Screws
- Magnetic inset for extra control over fixings
- Tough steel construction for durability

SPECIFICATIONS	
Pack Size	1
Compatible	8mm (5/16 inch) hex head screws
Material	Chrome vanadium steel

PLEASE NOTE - We advise using the correct type of glove (with level 5 cut resistance) when handling or moving steel Sheets and Flashings. Extra care should always be taken when working with metal products.
