Aviation Tin Snips

Straight Cut

Straight Cut Tin Snips are designed to cut your Cladco Flashings and Roofing Sheets. With a hardened blade and serrated edges, they will cut through steel easily leaving a clean cut. Features include slip-resistant hand grips and lock and slip guards.

Aviation Tin Snips benefits:

- Made from drop-forged, high-carbon steel
- Soft grip, slip-resistant handles
- Clean cut through steel Roofing Sheets
- Induction hardened blade
- Serrated jaws to prevent slips
- Compound leverage for maximum cutting power
- Lever lock for safe storage

| CUTTING CAPACITY | |
|-----------------------|-------|
| Sheet Steel | 1.2mm |
| Aluminium | 1.8mm |
| Stainless Steel Sheet | 0.8mm |
| Jaw Capacity | 21mm |
| Blade Length | 250mm |

PLEASE NOTE - We advise using the correct type of glove (with level 5 cut resistance) when handling or moving steel Sheets and Flashings. Extra care should always be taken when working with metal products.
