

TARPAULIN Ball Bungees - 20cm

Our 20cm Ball Bungees are designed to keep your Tarpaulin in a fixed position whilst still allowing for flexibility.

Simply pass the elastic loop through the eyelets of your Tarpaulin until the plastic ball sits flush against the eyelet, before using the loop to fasten to a fixed point and pulling the elastically loop back over the plastic ball securely.

Please note that 20cm Tarpaulin Ball Bungees, when fully extended, will increase in length to on average 40cm.
