

TRADE EXCLUSIVE Dual-Sided Composite Decking Board 3.6m

Cladco Trade Exclusive Dual-Sided Composite Decking Boards feature a Woodgrain Effect surface on one side and narrow grooves on the other. This makes Cladco Composite Boards less susceptible to watermarks and staining as well as being low-slip. Cladco Hollow Core Composite Decking Boards are versatile and can be cut to size using ordinary wood cutting tools, if required.

Cladco Trade Exclusive Dual-Sided 3.6m Composite Decking Boards provide a wide 150mm width coverage and feature a strong five-hole, honeycomb construction.

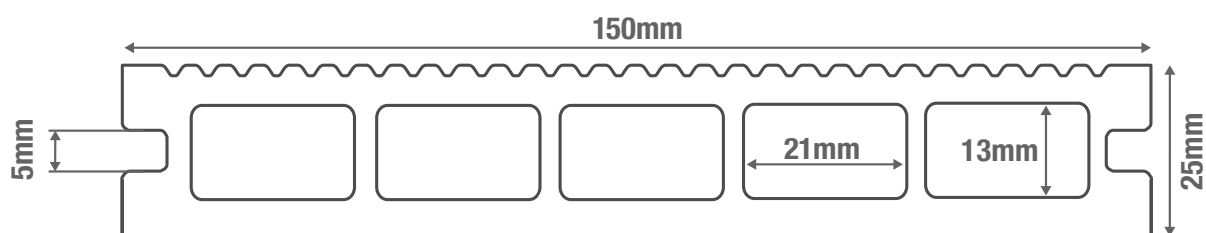

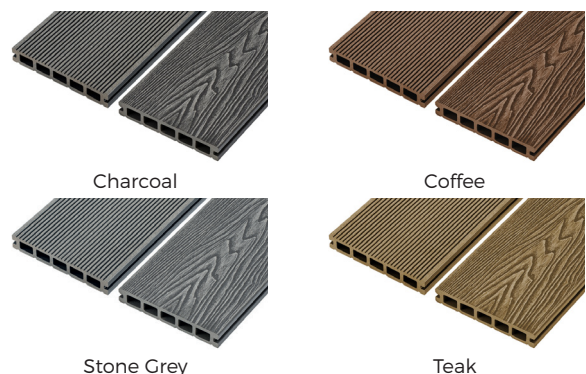

Why Dual-Sided 3.6m Hollow Decking Boards Are A Great Option

Whether you are looking to create a new garden, patio area, steps or a large-scale project, Cladco Trade Exclusive Composite Decking Boards are the perfect option.

Utilising a honeycomb structure that makes the Boards lightweight, Cladco Hollow Core Domestic Grade Decking Boards are made from a combination of 60% recycled hardwood fibres and 40% high grade recycled plastic, bonding agent, additives and tint. Boards are low-maintenance and easy to clean, when needed.
