CLADCO DECKING®

Safety Gloves
Cut Level 5 Protective Gloves

Safety Gloves are suitable for handling and cutting our Decking and Cladding materials, protecting your hands from sharp edges while working.

Grey liner safety gloves are made with cut-resistant fibre, nylon and spandex with black polyurethane coating on the palm and fingertips. These gloves have a Blade Cut Resistance Rating of 5/5 in accordance with European Standards EN 388 Cat II (Mechanical Hazards)

- Provides resistance to sharp edges
- Suitable for handling and cutting materials such as Decking and Cladding Boards
- High abrasion levels make them strong and long-lasting

European Standards EN 388 Category II (Mechanical Hazards) rating:

- Abrasion resistance - 4/4
- Blade-cut resistance - 5/5
- Tear resistance - 4/4
- Puncture resistance – 3/4
