High Quality Steel

Corrosion
Resistant

MATERIALS

Manufactured from high-quality steel for strength and corrosion resistance, ensuring a strong performance.

SURFACES

The durable galvanised finish offers a classic metallic appearance and high strength resistance.

ACCESSORIES

Compatible with 150mm x 150mm barge flashings when using 34/1000 box profile sheets, and any size barge flashing when using 32/1000 box profile sheets.

RESISTANCE

This Z bar support provides exceptional corrosion resistance and structural stability, making it ideal for agricultural, commercial and industrial applications.

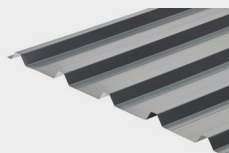

LONG LASTING

Easy to install and designed for longevity, it's the perfect finishing detail for projects requiring strength, precision and a consistent roofline.
