Box Profile Sheetting

PVC Plastisol
Coating

Manufactured From
High Quality Steel

Excellent Corrosion
Resistance & Protection
Against The Elements

MATERIALS

Manufactured from high-quality steel for strength and corrosion resistance, ensuring a strong performance.

SURFACES

The PVC plastisol coating provides a excellent protection against the elements as well as resistance against corrosion.

ACCESSORIES

Compatible with 150mm x 150mm barge flashings when using 34/1000 box profile sheets, and any size barge flashing when using 32/1000 box profile sheets.

RESISTANCE

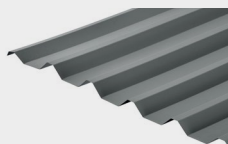

This Z bar support flashing ensures strong, structural support. The PVC plastisol coating offers a reliable corrosion resistant finish.

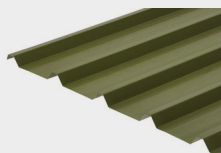

LONG LASTING

Designed for lasting performance, it provides a long-lasting, professional finish when installed with the barge flashing, preventing lifting in windy conditions.
